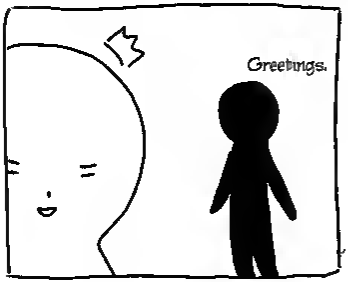
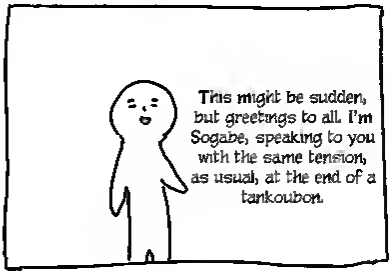
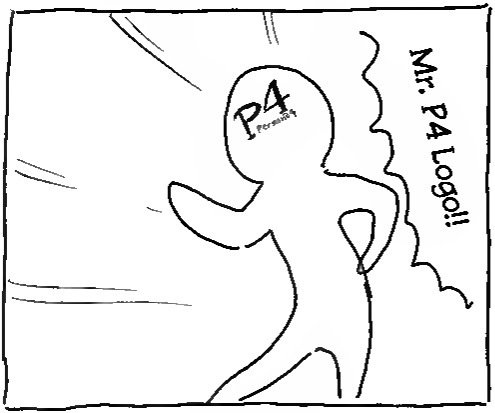
AN IMPORTANT ANNOUNCEMENT

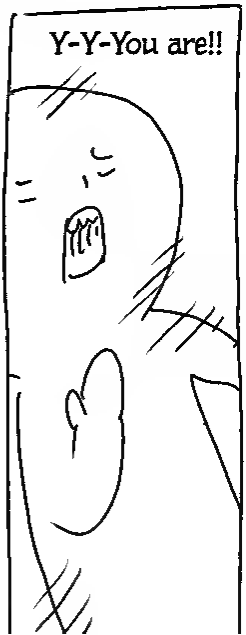
VERY, VERY IMPORTANT NEWS





This might be sudden, but greetings to all. I'm Sogabe, speaking to you with the same tension, as usual, at the end of a tankoubon.





Also, it is said that you're going to even put P4 color illustrations in Maoh as well...

It's the truth.

I've heard that you're going to make P4 into a manga in Black Maoh even while P3 is still on the run. Is that true?

It is.

But don't you have other works to do as well?... Can you really do all that?

I'll try!

As said,

I'll be covering the serialization of Persona series in two magazines. I do have other options, such as quickly ending "P3", but to quit "P3" all of the sudden because "P4" kicks in is pretty unthinkable. Therefore, I will continue on with my initial plan. (Of course, it'll be up to all the readers though!) Both "P3" and "P4" are very fun games as well, and I plan to draw both manga so that all the fans can enjoy it with me. As well, I hope to spread the knowledge of the games to all new fans. P3 will reach the turning point in a moment. Please be with me to the very end as well.
